Many of the above listed vehicles already have a hold tag on them, but we encourage you to place multiple holds on vehicles if you see one that your agency may be interested in.

Tell us what you want. If we don't have it, we will try to get it.

We are continuously searching the federal government's available vehicles throughout the United States. We attempt to acquire low mileage vehicles that we believe are what you may need. However, it would help us in our search to have a wish list of the vehicles you need, listing equipment and pricing preferences. Fax your list to Gary @ 573-526-8489.
